

**Firmware Specialists, Inc.**

605 NW 5th St. #2A, Corvallis, Oregon 97330  
(503) 753-9314

**Firmware Specialists, Inc...**

...is a problem solver.

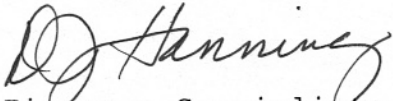

...is a full service software and hardware supplier.

...is one of only three companies in the U.S. authorized by HP to supply custom ROMs and other custom products for the HP-41, HP-71, and HP-75 portable computers.

In providing solutions for others, Firmware Specialists discovered **Memory Modules** for the HP-71. We liked them so well we added them to our product line. They have greatly expanded the potential of the HP-71.

Take a minute to look at the enclosed material. We think you will see the potential too. Then call me and order one for your HP-71.

With enthusiasm,

Firmware Specialists, Inc.  
by Darwin J. Hanning  
Business manager

P.S. We accept Visa and Master Card. And we usually can ship out of stock for fast delivery.
